Is it better to have higher or lower leverage?

Trading · https://maintest.windsorbrokers.com/knowledge-base/trading/is-it-better-to-have-higher-or-lower-leverage/

The higher the leverage, the higher the risks and the possibility of relevant profits and/or losses. A lower leverage is more suitable for retail clients with less experience taking into consideration that trading with financial instruments offered by the Company involves high level of risk.
