Why was my pending order not executed?

Trading · https://maintest.windsorbrokers.com/knowledge-base/trading/why-was-my-pending-order-not-executed/

Most common reasons for a non-executed pending order are:

- Insufficient funds in the account
- The requested/pre-defined price of the order was not reached (for Sell orders, the bid price must reach the specified price, for Buy orders, the ask price must reach the specified price)
- Expiry of the CFD Contract
